

2020

VOLUME 13

WELCOME TO DIVINE DISTRIBUTION 2020 VOLUME 13 BROCHURE

With a new year, I always like to take the opportunity to pause and think about the year before. More importantly I look at the New Year as the start of facing new challenges with a fresh perspective.

Many of us will welcome the chance to start 2020 with a clean slate. To leave behind the uncertainty many of us felt in 2019 and stride into this new year with positive steps.

Along with my fantastic team here at Divine Distribution I look forward to being able to take the opportunity to showcase our once again extended range of products for the home and garden to you all.

Here's a big "Cheers" to you all for the new year and another chance for us all, to get it right, and make it our most successful year to date.

Very best wishes
Andrew

Olive Wood

Our exclusive range of sustainably sourced olive wood is produced in the Tunisian heartland. Last year saw our biggest ever growth in olive wood sales. We continue to extend this range with the help of our friends in Tunisia.

This small range of Hand-painted decorative ceramics depicts the carefree spirit of cascading poppies. Microwave & dishwasher safe.

Our Selena range is produced by a family-owned business in a small village with a rich history of ceramics production and lies amidst seemingly endless olive orchards in Andalucía, Spain. Each piece of Selena is made with red clay and hand-dipped in a vibrant jewelled glaze, making each piece unique by design.

Recycled Glass

We are delighted to extend our exclusive range of 100% recycled glass for 2020.

Glass recycling helps the environment by using considerably less energy to melt the glass than that needed to melt raw materials which is too often used in producing new bottles and jars. The decorative homeware and contemporary tableware in this range will bring both beauty and purity to the home.

Home Fragrance

Our exclusive Verano Home Fragrance Luxury Candles and Diffusers have been lovingly created and hand poured in the UK, bringing stylish, beautiful and unique scents to the home.

The natural soy wax used in our candles is clean burning, releasing no harmful toxins. "Kinder to the home and kinder to the environment."

Screen printed with our exclusive design of wild golden leaves which is also embossed into the "kraft" decorative gift boxes, we are proud to introduce them to you and your customers.

OUTDOOR LIVING

2020 sees our exclusive range of outdoor pots extended. We are very proud to have been given the opportunity to work alongside two of the most respected family businesses in Southern Spain, where designing and making pots has been passed down through generations. Whilst the family still work with local raw materials, treating and preparing the clay themselves for the best production results, they have also improved the clay chemically with techniques previous generations were unfamiliar with. This has made their pots better suited for outdoor use in low temperatures and more resistant to the elements...a benefit for our British climate!

SELENA

The Selena terracotta pots are Hand-dipped in a reactive jewelled glaze, making each pot unique by design.
